Introduction to Energy4All

Helping communities to own renewable energy schemes

- E4A is an independent n.f.p. social enterprise
- Self financing, not reliant on public purse
- Strong community ethics with business professionalism
- Specialise in the co-operative model – most successful!
- 26 new renewable energy co-ops have been created since 2003
- Raised ~£71m from over 11,500 community members
- Over 65MW of community-owned renewable energy
